

# Grieving in the NICU

Supporting Families and the Health Team When a Baby Dies

## On-Line Continuing Education

We are pleased to announce a new, on-line, continuing education course based on the highly acclaimed DVD of the same title. Accredited for 3 credit hours by Washington University at St. Louis, School of Medicine and the School of Nursing at St Louis University, the 5-chapter course combines the state of the art, multi-media elements of video streaming, written text and self administered quizzes.

Designed to help busy professionals play an integral part in the lives of families, and cope with their own grief when faced with the death of a family, the 3 hour course can be conveniently accessed as many times as needed to complete the course, from any location with Internet access.

Instant grading of the quiz is provided with the ability to review and re-take incorrectly answered questions. Upon successful completion of the course, the fully automated system delivers a PDF certificate, to your email, if one is required.

The cost of the 3 credit hour course and certificate is: \$45 for physicians and \$30 for nurses, payable by credit card on a secure site or by check.

For further information please visit: [grievingforbabies.org](http://grievingforbabies.org) and click on courses or contact [support@dialearning.com](mailto:support@dialearning.com)

Developed and produced by DIA Productions LLC,  
in collaboration with the Neonatal Intensive Care Unit at  
St. Louis Children's Hospital, faculty members from  
Washington University School of Medicine and  
Share, Pregnancy and Infant Loss Support.
