Pregnancy & Infant Loss Support, Inc.

touching lives...

healing hearts...

giving hope...

The mission of Share Pregnancy and Infant Loss Support, Inc. is to serve those whose lives are touched by the tragic death of a baby through pregnancy loss, stillbirth or in the first few months of life.

At Share, bereaved parents find comfort in friendship, strength in shared experiences and hope for healing and happiness. Share provides bereavement education and training to professionals, clergy and funeral directors, and collaborates with other organizations, such as the National Institute of Health, to provide information, statistics and a better understanding of the death of a baby. Share also follows and distributes research and promotes legislation that relates to its mission. All information packets, correspondence, and support are free of charge to bereaved parents.
